

Computer Information Technology, AAS Public Program Information

Computer Information Technology, AAS Program Retention:

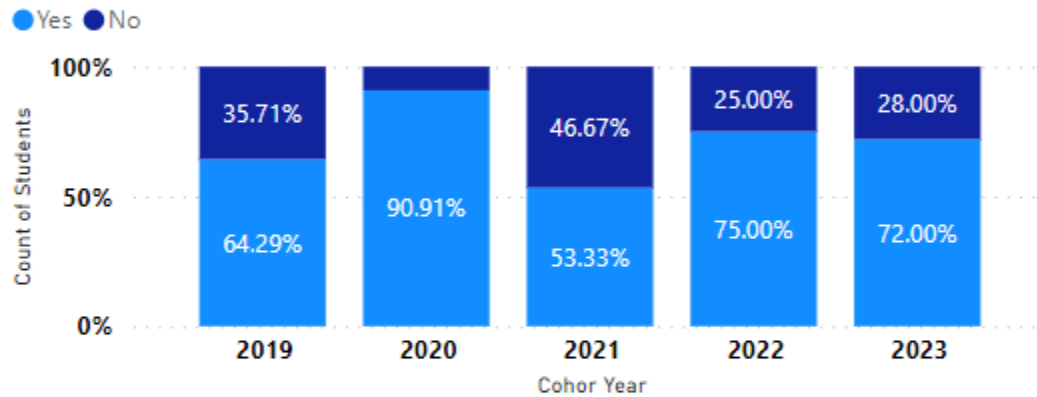

Count of Students

Retain Fall to Spring

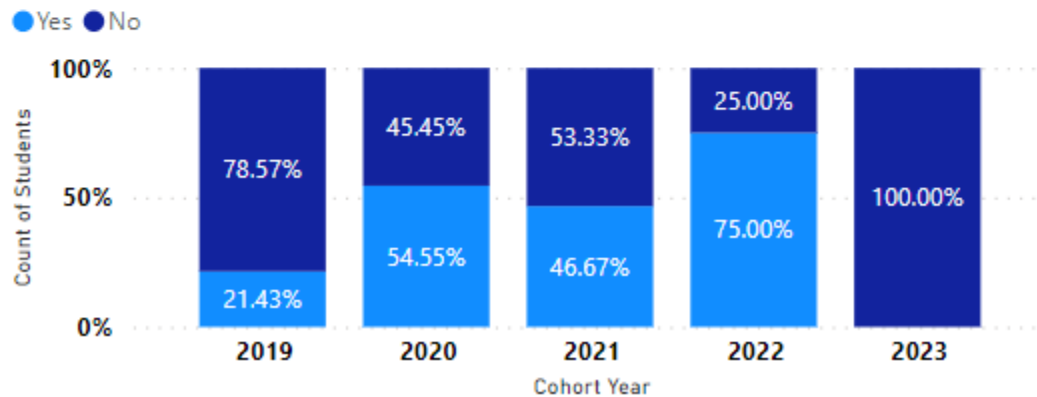

Retain Fall to Fall

77 70.13% 32.47%

Fall to Spring Retention

Fall to Fall Retention

This data includes all concentrations under Computer Information Technology, AAS – Cloud Computing and Cyber Defense.

Please note that, due to this population, the fall to fall retention rate for 2023 will appear to be very low. This is because 2023 is the first time full time freshmen who enrolled in fall of 2023, and have not had time to enroll in fall 2024.
