Vonore Site • (423) 884-6878

ADVANCE scheduling represents an accelerated option for completing a college degree. This option is suitable for highly motivated and mature adults that are seeking an A.A.S. in the Business Management Major–Business Concentration and/or a Bachelor's Degree Program. Many ADVANCE students obtain their A.A.S. in 2 1/2 years at CSCC and their B.S. in two additional years at a selected four year college or university.

A typical ADVANCE student might be an individual that has experienced limited promotional opportunities and needs a degree to do better, or mature adults new to the work place and desire a better job with better pay or just a different position.

The common factor for all ADVANCE students is the relentless pursuit of a degree and the willingness to do what it takes to be successful. ADVANCE is offered in the evenings at the Cleveland campus and the Athens and Vonore sites.

The ADVANCE curriculum and every semester schedule is set. You join a cohort group in the fall and basically stay with that group during the following five semesters. You will form strong bonds and good working relationships with your fellow students. Many establish friendships that continue once college is finished.

# Join 250 ADVANCE program graduates!

Do you ever think you would be more successful if only you had your college degree? Do you think that you are too busy to pursue a degree? Did you try college when you were much younger, did not do well and dropped out? Has your financial situation changed? Do you need a better paying job or position and believe that a college degree is the best way to accomplish this?

Well, there are more than 250 graduates of the Cleveland State ADVANCE Scheduling Option that were just like you. Of course, they were mature, motivated, disciplined, organized and focused individuals but mainly they wanted their degree. They were also committed to setting aside the time each week for reading and homework, as well as the class meetings (each course is completed in just five weeks with seven meetings).

Would you believe it if we told you that you could earn your Associate of Applied Science in Business and Management from Cleveland State Community College in just 2 1/2 years, (based on full participation in our ADVANCE schedule option)?

## Complete the following five questions as a self assessment to evaluate your suitability for the ADVANCE schedule option.

	Not At All		Neutral		Absolutely
1. I am mature and serious about wanting to earn my degree.	1	2	3	4	5
2. I am convinced that getting my degree is a key part of achieving my career and life goals.	1	2	3	4	5
3. When I commit to a goal, I am willing to do what it take to achieve it.	1	2	3	4	5
4. I can set aside time during each week to focus on college related reading and work.	1	2	3	4	5
5. I want to learn and challenge myself to be the best person I can be.	1	2	3	4	5
